

# ANTI-SWEEP SWING TAG INSTRUCTIONS

Patent Pending GB1701822.7

Based on our popular pocket swing tag products, this anti-theft tag features an upstanding tab to prevent rapid sweeping of product from the merchandising hook. This low cost, easily applied tag can help reduce in-store losses.

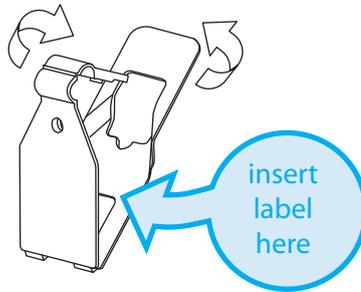

## How to fit Anti-Sweep Swing Tag

1

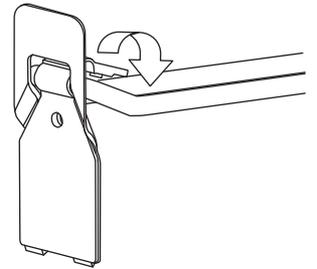

The Tag as supplied.

2

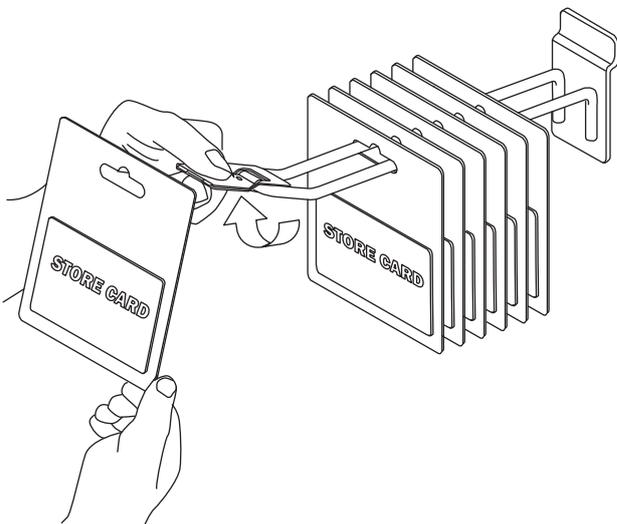

Fold the tag and pass the snap fastening through the corresponding hole.

3

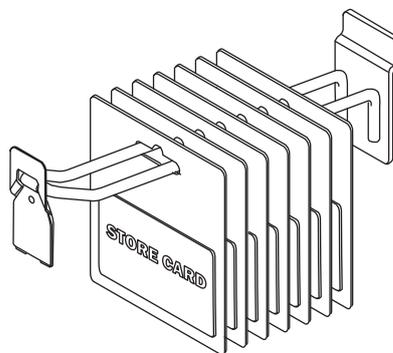

Pass the snap fastening over the end of the Eurohook and snap shut.

4

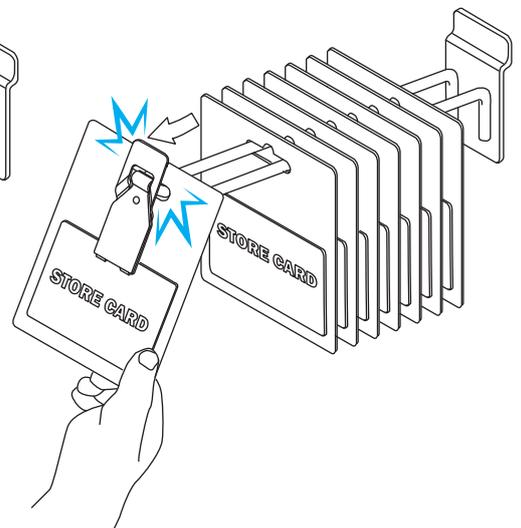

Tilt the tag to load merchandise.

5

Merchandise and tag in normal position.

6

Tag acts as anti-theft device. To remove merchandise tilt as shown at 4.
